

Highway maintenance scheme • May 2023

Callington Carriageway Repair Works

As part of our planned highways maintenance work, traffic management will be in place on the A388 between Vernigo Roundabout & Callington on **Wednesday 3rd & Thursday 4th May** while carriageway repair work is carried out.

The traffic light system will be in place between the hours of **7pm and 6am**. Outside of these times the road will be open as normal. We need to implement these measures to give our teams a safe working zone and protect road users while the work is carried out.

We know that noise associated with night-time working can cause disruption to residents and we understand this can be frustrating. Please be assured we aim to complete the noisiest operations as early as possible and will try to minimise any impact should the works overrun due to unforeseen circumstances.

Working safely

Please be aware of the following hazards while the work is taking place.

- Uneven road surface where the old surface has been removed
- Raised manholes, gullies, and other service boxes
- Varying kerb heights when stepping off the footway

All of our sites will be appropriately risk assessed and have strict safeguarding measures in line with current Health and Safety and Public Health England guidance to ensure the safety of residents and our staff.

Notifications

Please note this information is correct at the time of circulation but is subject to change at short notice, especially in periods of poor weather.

Resurfacing work is weather dependant and may be delayed by cold temperatures and heavy rain.

During the ongoing situation with COVID-19 we will continue to carry out our programmed resurfacing works while we have the available resource and material to do so.

If works are postponed or cancelled, we will do our best to update the advance notice boards on our sites.
